IMPORTANT KNOWLEDGE FOR UNPACKING

The Great Northern Popcorn Co. (GNP) has carefully engineered this shipping carton to insure your popper arrives in pristine condition.

Upon removing anything from the carton, inspect the parts for damage. Photograph any damage that may have occurred to the outside of the carton. Photograph any damage to the popper. If you do encounter damage, you will have to file a claim with the shipping company. Do not return merchandise to GNP without a RMA number. For more information on RMA’s contact our customer service at: service@greatnorthernpopcorn.com or call 1-800-665-0728

Compare the parts in the carton to the list on the following page. If you find that the carton is missing any part contact GNP at service@greatnorthernpopcorn.com

PARTS LIST

A. Long Stand  
B. Square Cross Members x 2 pc.  
C. Short Wheel base  
D. Axle  
E. Wheels x 2 pc.  
F. Storage cabinet  
G. Hand Rail  
H. Work Platform  
I. Assembly Wrench Set 9/16” / 14mm

- Package A, 9/16”x 1/2” bolts, nuts, washers - 8 pcs. each  
- Package B, 9/16”x1-3/8” bolts x 8 pcs., washers x 4 pcs.  
- Package C, 9/16”, Cap Nuts, washers x 2 pcs. each  
- Package D, wrench x 2 pcs.
ASSEMBLY PROCEDURE

1. Use (2) 9/16”x 1-3/8”bolts (Package B) provided to connect the long stand (A) and the 2 square poles (B) together.

2. Connect the assembly above (step 1) with the short stand (C) by using (2) 9/16”x 1-3/8”bolts (Package B).

3. Add a cap nut and washer (Package C) to one end of the axle (D). Insert axle (D) through one wheel (E) and into short stand axle hole (C). Place the second wheel (E) on the opposite end of axle (D). Next place cap nut and washer (Package C) onto the exposed end of the axle (D). Tighten cap nut with wrench provided (I). Check cap nut tightness periodically during routine maintenance.

4. Install the handrail (G) onto the right hand side of the storage unit (F) and the working platform (H) on the left hand side with the nuts, bolts and washers included (Package A).

5. Turn the storage cabinet (F) up side down for convenient assembly. Insert both ends of the short and long stands onto the bottom of cabinet (wheels opposite of the handle attachment) and attach with bolts (Package B). Use wrench provide to thoroughly tighten bolts. Turn the completed unit back to up-right position.

Note: This task should be performed on carpet or a section of cardboard to avoid scraping the cabinet or damaging your floor. This is a two person task.

6. Place the main popper unit (not included) onto the topside of the storage cabinet (F). Use the four spring loaded latches to secure the popping unit to the storage cabinet.

NOTE: Image at right shown without stand for clarity.

Caution: Do not attempt to move your popper without securing the latches. The popping unit will topple off causing property and/or personal damage.
