GREAT NORTHERN POPCORN
LITTLE BAMBINO
2 1/2 OUNCE POPCORN POPPER MACHINE
Thank you for purchasing the Great Northern Popcorn Little Bambino Popcorn Popper. It is one of our best selling popcorn poppers. It is made with only the finest grade material and workmanship. The Little Bambino popcorn maker features a revolutionary “removable serving tray” that is the first of its kind. Once the corn has popped, simply remove the tray and enjoy fresh theater popcorn in the convenience of your home. The slide-out popcorn tray makes cleanup simple since it is dishwasher safe. Please read this manual carefully before use, and keep it handy for use during break down of equipment. If for any reason your popper doesn’t live up to your expectations or if you need to order parts, please contact us at service@greatnorthernpopcorn.com.com.

WHAT’S INCLUDED

- Weighs approx. 10 lbs.
- Requires (1) 10-watt bulb (included)
- Power Source: Plugs into household wall outlet

SAFETY PRECAUTIONS:
- READ ALL INSTRUCTIONS BEFORE USING YOUR POPCORN MACHINE.
- KEEP OUT OF THE REACH OF CHILDREN.
- Do not clean with any abrasive material.
- Never force any parts or brackets into position.
- Do not put any part of the popper in the dishwasher with the exception of the plastic tray and measuring cups or spoons.
- DO NOT OPEN THE DOOR DURING THE POPPING PROCESS.
- Do not touch hot surfaces. Always use handles or knobs to operate.
- To avoid any risk of electrical shock, do not immerse cord or plug into water.
- Unplug main power cord from outlet while not in use and before cleaning.
- Do not operate the appliance with a damaged cord or plug, or if the machine is malfunctioning or damaged. Send the unit to the nearest authorized service center for examination and repair. Only certified technicians should service the machine.
- Using any accessories or attachments not provided or recommended by the manufacturer may result in injury or damage to the machine.
- Do not use outdoors.
- Pot surfaces are HOT and should NOT be touched during the popping process or just after use. Allow the unit to cool before cleaning and storing.
- Do not leave the power cord hanging over the edge of a table or counter while in use.
- DO NOT place the unit on or near a hot gas or electric burner or in a heated oven.
- Extreme caution must be used when moving any appliance containing hot oil or other hot liquids.
- Turn all switches to “OFF” position before disconnecting power cord from an outlet.
- Do not use appliance for anything other than the indicated usage.
- Extreme caution must be used when unloading popcorn, always use oven mitts or other protective gear. Be sure the hot oil or water does not come in contact with skin, as burns may occur.
- Do not leave popper unattended. Misuse of this product may cause burns.
- This popper will not shut off automatically. To avoid overheating, add popcorn and oil before operating.
- Do not pop kernels in a dry pot, always use oil.
- Do not immerse the kettle in water.
- Always place popper on dry level surface.
GREAT NORTHERN POPCORN LITTLE BAMBINO
2 1/2 OUNCE POPCORN POPPER MACHINE

ASSEMBLY INSTRUCTIONS:
1. Hook the kettle onto the hanger of the main housing (A).
2. Plug the kettle into the outlet inside the top of the housing (B).
3. Place the removable tray into the housing (C).
4. Hang the door on the hinges (D). You’re now ready to use your Little Bambino Popcorn Popper!

OPERATING INSTRUCTIONS:

PLEASE NOTE: If you are using your popper for the first time, clean the interior of the glass surface and wipe the inside of your popper with a clean damp sponge before heat is applied. Please follow these procedures for the best operating results and long machine life.

1. Place the corn popper on a dry, level surface. Protect from rain and other weather elements. Do not install near pool or water. Plug the unit into a suitable grounded electrical outlet. (Please check the electrical specs. Be sure that your power source is 120V AC/60Hz)
2. Make sure that the kettle plug inside the housing is plugged into the outlet inside the unit, then plug the power cord for the unit into an electrical outlet.
3. Open the kettle lid using the kettle lid tab before use.
4. The unit has two function switches: “Light” and “Pop”
   The “Light” switch turn on the light inside the popper housing.
   The “Pop” switch controls the power to the motor and kettle heater.
   Turn the “Light” and “Pop” switches to the “ON” position and allow the machine to preheat for 2-3 minutes.
5. Once the machine has preheated, turn the “Pop” switch to the “OFF” position and add 1 tablespoon of oil immediately followed by 1/3 cup of popcorn (use scoop provided). Close lid immediately.
6. Turn the “Pop” switch to the “ON” position. The stirrer will engage and the kettle will begin to heat and pop the corn.
   CAUTION: Kettle and machine will be HOT during the popping process and will remain hot for several minutes after popping is complete. ALWAYS use caution when retrieving popcorn from the machine. We recommend using oven mitts when touching the machine during and after the popping process. KEEP CHILDREN AWAY FROM MACHINE!
7. Corn should begin to pop after approximately 2 minutes. When you no longer hear any popping turn the “Pop” switch to the “OFF” position and, using the kettle handle, empty the remaining popcorn and kernels in the kettle into the removable tray.
   NOTE: Emptying the kettle immediately when popping is done will help to prevent burnt kernels and popcorn from forming in popper.
8. Keep “Pop” switch in the “OFF” position if not preheating or popping. Keep unit unplugged when not in use.

CLEANING INSTRUCTIONS
1. To maintain quality taste and popping conditions in your popper, we recommend that you thoroughly clean the kettle after using 3-4 times or before prolonged periods of storage.
2. Turn all switches to the “OFF” position and unplug the popper from the power source, Allow the popper to thoroughly cool before cleaning.
3. Clean all surfaces with a damp cloth (DO NOT use abrasive materials to clean your popper). DO NOT immerse the kettle or any part of the popper (other than the plastic tray and measuring cups/spoons) in water.

2009 DTX International All Rights Reserved
Great Northern Popcorn Company’s popcorn machines are warranted to be free from defects in materials or workmanship for 90 days from the date of purchase. Within this period, Great Northern Popcorn Company will, at its sole discretion, repair or replace any components that fail during normal use. This warranty does not apply to damage caused by abnormal or unreasonable use, including any repair or attempted repair by anyone other than a certified Great Northern Popcorn Company authorized service technician, use of replacement parts that are not OEM parts, in addition to incidental or consequential damages. Using this product for anything other than its original intended purpose or altering this product in any way will void this warranty. There is a 30 day limited warranty on all consumable parts including but not limited to glass, doors, hinges, blades, kettles and/or light bulbs as applicable.

If your popcorn machine has a manufacturers defect covered by our warranty, we will either repair or replace it, at our option, without charge or refund. Such repairs, or items deemed to be eligible for replacement, will be made at no charge to the customer for parts or labor, provided that the customer shall be responsible for all shipping costs.

Beyond the initial 30 day period, this warranty does not apply to: A. Cosmetic damage, such as broken glass, scratches, nicks and dents; B. consumable parts, such as kettles and light bulbs, unless product damage has occurred due to a defect in materials or workmanship; C. Damage caused by accident, abuse, misuse, water, flood, fire, or other acts of nature or external causes; D. Damage caused by service performed by anyone who is not an authorized service provider of Great Northern Popcorn Company; or E. Damage to a product that has been modified or altered without the written permission of Great Northern Popcorn Company. In addition, The original purchaser who has provided proper proof of the original retail purchase and all other requested information is the holder of this warranty.

Please note that repair costs and handling charges may apply if any issue was found to be the fault of the end user. Please be prepared to provide the units serial number, if applicable, your return shipping address and a daytime phone number and proof of purchase.

Great Northern Popcorn Company retains the exclusive right to repair or replace, with a new or newly-refurbished replacement machine or part, the product or offer a full refund of the purchase price at its sole discretion. SUCH REMEDY SHALL BE THE SOLE AND EXCLUSIVE REMEDY FOR ANY BREACH OF WARRANTY.
